NURSING

Traditional BSN Option

- This worksheet is intended for supplemental use only. The University will use your Academic Requirements Report (ARR) to track your graduation requirements, including those for your major. Please continue to check your ARR for accuracy.
- If your ARR requires a correction, please submit an ARR Correction Form.
- Your Degree Planner (in mycsusm.edu) will display the following requirements in the Nursing program's required sequence.
- Students in the nursing major must maintain a cumulative GPA of 2.0.
- With the exception of NURS 490 and 491, all courses used for the major and preparation for the major must be completed with a grade of C (2.0) or higher.
- If a student does not meet GPA requirements, a course may be repeated once with consent of the re-enrollment committee, but only on a space-available basis. Only one course repeat is permitted to continue in the program.
- Students in the nursing major must maintain good academic standing. Students on academic notice are not permitted to enroll in a nursing course until academic notice has been removed.
- In the junior year, NURS 389: Junior Level Nursing Externship is an option.
