	Reece: What was the plan for PS1? Belinda clarified that plans are for 1200 parking spaces to expand onto what is currently Lot N with an intention to connect the two structures (with a rough timeline of AY 29/30) **Ashleigh:** Is there potential for a restriction of residence permits or relocation of vehicles in the parking structures? Belinda said this is not currently a plan but this would limit budgets and abilities for parking **Cameron:** Is there a plan to expand resident levels in PS2? Belinda said that parking was originally intended for ELB classes, so it must continue to be cleared out each night for staff and students each day	
08 **Information**	**CSSA October Plenary Report** **Description:** Overview of the CSSA October Plenary meeting **Fiscal Impact:** None Elaine discussed the topics at October's CSSA meeting, which included: textbook costs, a potential system-wide walk out, and the CSU Trustees committee **Cameron:** supports the walkout and opposition to the Chancellor's Office and call for transparency **Haley:** encourages individuals to consider that higher education is already culturally and legislatively underfunded **Anahi MP:** is the intention for all CSU's to participate? Elaine clarified that yes, they would like as many students to participate as possible. **Brandon:** What are the plans for mobilization? Elaine said that if this passes, each campus ASI would coordinate plans with CSSA **Cameron:** In relation to textbooks, language is confusing from professors, requirements are confusing and communication needs to be clear if textbooks are needed **Haley:** textbook requirements are different, Cengage is forced to buy for classes, if contract is expiring lets look elsewhere, 0 cost course material, TPAC is looking into this and is struggling to get faculty involved	Elaine Pollard Chair and VP of Student & University Affairs
09 **Discussion**	**RoundTable Discussion** **Description:** Student representatives discuss student issues & concerns **Fiscal Impact**: None **Cameron:** disappointment around campus due to the tabling conflict last week **Elaine:** Hillel feeling similarly in lack of safety on campus; students calling ASI to hold a stance and/or make a comment **Reece:** college should be the place for open discussion, but the verbiage from that event was not appropriate **Ashleigh:** agrees that President Neufeldt and SLIC should do an investigation, as unsafe rhetoric was used and students don't feel they belong. **Anahi MP:** CSUSM recently won the Seal of Excellencia; ASI should call to support these communities along with CSUSM **Anahi MV:** the issue is not solely about the students, students have told their parents are going on this is on local news outlets; there is	Elaine Pollard Chair and VP of Student & University Affairs

	freedom of speech, but no one should feel unsafe on campus, we are here to learn, and unify. **Cameron:** campus should consider investing more money to the Dreamer Resource Office and ASI should consider writing a memo or resolution **Elaine:** a memo is already in the works and reference ASI's hate speech resolution from previous years **Jason:** clarified DRO has a very informative flyer as a resource, first amendment does not have a carveout for hate speech, it is protected unless there are direct threats or incites of violence; asked how can you support your communities with ASI and school values, and how can you challenge the administration **Anahi MV:** every student has their own opinion; DEI reps hosting an event on Nov. 7, two days after election day, with whiteboard pizza, swag item, etc. to support student needs and hear concerns
