PCBO Communications Archive

Sent on behalf of: CSUSM CHRS Team

Hello Campus Partners,

As a follow-up to the April 9 email, we're happy to share that ePANs are back in use!

We also want to provide an important update regarding IDs. While the previous communication indicated that the CHRS ID would be used for these ePANS and employment actions, we will instead continue using the Campus Solutions ID (campus ID, not CHRS ID).

As a reminder, the position numbers previously used in PeopleSoft 9.0 have been converted to new position numbers in CHRS. The following division heads have been provided with a list of the converted position numbers for your division.

- Academic Affairs – Krista Thomas & Nathan Norasith
- Student Affairs – Rosa Mora
- Finance and Administrative Services – Alan Stutler
- University Advancement – Claire Hill
- Office of the President – Alicia Mondragon
- Extended Learning – Joseline Dyas & Tricia Henlon

For additional support, you may reach out to budget@csusm.edu.

Thank you once more.
CSUSM CHRS Team
