Sent on Behalf of: Financial Systems Operations

Hello PCBO Community,

Please disregard the previous PCBO message regarding the CFS 9.2 MP 6.0 – User Interface Upgrade.

PeopleSoft Finance (CFS) will be upgraded **on Monday, April 28, by 9:00 AM**. To accommodate the upgrade process, the CFS system will be down from **5:00 PM on Friday, April 25, throughout the weekend**. The new version will have a slightly different look but will be intuitive to follow, including a new back button in the upper left corner. Favorites will be copied to the upgraded version of CFS. To improve browser functionality when using MP 6.0, it is recommended to clear your cache and cookies; see the attached guide for help on how to do this in Chrome, Firefox, Edge, and Safari.

There is no planned downtime for the Finance Data Warehouse (FDW); it will be available on **Monday, April 28**, and favorite customizations will be copied over.

Please email **FSO@csusm.edu** with any questions.

Thank you,
FSO Team
