

CSU Student Research Competition at CSUSM

Friday, April 16, 2027 + Saturday, April 17, 2027

California State University San Marcos is proud to host the 41st annual California State University (CSU) Student Research Competition which brings together 200+ of the top achieving students in the CSU system.

These student delegates earned their spot representing one of the 22 CSU campuses to showcase their research at the two-day competition.

The competition showcases undergraduate and graduate research, scholarship, and creative works across many disciplines including biology, cognitive psychology, engineering, social science, arts & culture, and more!
