RETURNING STUDENTS

NEW COUGAR CHECKLIST

Congratulations on your conditional admission and welcome to California State University San Marcos! The checklist below aims to help you navigate steps to take during your transition to CSUSM. While viewing this digital checklist, we encourage you to select and read through the CSUSM webpages referenced in each checklist item.

☐ **Intent to Enroll & Enrollment Deposit**

You must accept your intent to enroll and pay the $150 enrollment deposit by **May 1st, 2018**. By not doing either, your admission could be revoked and you will not be permitted to reserve an Orientation date.

☐ **Orientation**

New students must attend Orientation in order to reserve and finalize courses prior to the first day of the Fall semester. Reservations for Orientations can be made online in MyCSUSM. There is never a guarantee that students will be able to reserve a space in their preferred Orientation so we encourage flexibility. It is recommended you hold off on making summer travel plans until you have reserved an Orientation date.

☐ **Pre-Orientation Advising & Preparing for Course Registration**

Students must complete the Pre-Orientation Advising modules in Cougar Courses prior to attending Orientation. This information plays an important role in preparing for course registration. If you have chosen to change your major, any changes must be done in MyCSUSM prior to **June 1st, 2018** and you must contact Orientation (760)750-4930 to ensure your new major will be present on your selected Orientation date.

Check your email regularly for registration information and visit csusm.edu/academicadvising/degreeplanner to find out how to register the COUGAR way!

☐ **Official Final Transcripts and Test Scores**

Final transcripts must be received by **July 15th, 2018** in order to complete the admissions process. Students who do not turn in their final transcript may have their admission revoked.

☐ **ID Card**

This can be done at orientation or anytime thereafter up until the first month of the Fall semester. You will need a student ID for a variety of campus resources and events. To get your ID card, go to the 2nd floor of the Kellogg Library in the media library. When you go make sure to bring another form of ID and your orientation name badge. It will cost $5 without your name badge or to replace your student ID.

☐ **Purchase Academic Year Parking Permit**

You will need to purchase a parking permit this summer to park on campus during the school year. Our parking permit options and prices are available on the Parking Services website.

☐ **Online Education Training - Not Anymore: Sexual Violence Prevention**

CSUSM requires all new students to complete the online Not Anymore: Sexual Violence Prevention training. CSUSM is committed to the safety and wellness of our students, and we are confident that participation in the program will be helpful to students as they transition to our community. The program will be available on MyCSUSM **August 1st, 2018** and must be completed by **August 31st, 2018**.

☐ **Get Involved: Weeks of Welcome**

Join us and other campus partners for two weeks full of events: August 25th, 2018 - September 8th, 2018. Check back in Summer 2018 for the official schedule!
