PROGRAM OVERVIEW

Launch a rewarding healthcare career with CSUSM's Medical Assistant Training Program. In just six months, gain the essential skills and hands-on experience to work on the front lines of patient care.

With a high school diploma or GED, you're eligible for this program! Attend online classes two evenings per week and hands-on training Saturdays at Vista Community Clinic.

WHAT YOU'LL LEARN

- Medical assistant roles and responsibilities
- Basic medical law and ethics
- Professional communications
- Basic medical terminology
- Basic anatomy and physiology
- Business communications
- Patient records management
- Basic medical insurance and coding
- Billing and payment for medical services
- Clinical procedure preparation
- Patient examination assistance
- Laboratory procedures
- Cardiology and radiology procedures
- Medication administration

BENEFITS OF THE MEDICAL ASSISTANT TRAINING PROGRAM

- **Career Launch Support**
  Access job placement assistance and professional development resources.
- **Certification Prep**
  Graduate ready to sit for the Certified Clinical Medical Assistant (CCMA) exam.
- **Flexible Format**
  Online classes are held during weekday evenings, and your training cohort meets in person on Saturdays.
- **Learn from Experts**
  Experienced medical assistant professionals teach all courses.
