A Year of International Research Seminar Series

2024-2025 REPORT

Introduction

During the 2024-2025 academic year, the Committee for International Research and OGSR have joined forces to co-host a series of presentations on international research. The RSS has provided a unique opportunity for students, faculty, and staff to engage with fascinating international research being conducted by our colleagues.

The events have been held in the ACD 102 auditorium from 12:00 PM to 12:50 PM (U-Hour) on Tuesdays or Thursdays. Each session featured a food sampling from the honored geographic area, provided by the Office of Graduate Studies and Research.
